

Emergency Medicine

The Library and Knowledge Service has a number of ways to support busy health care staff to keep up to date. Please visit library current awareness portal at:

<http://www.library.wmuh.nhs.uk/wp/other-updates/accident-emergency-medicine/>

Below is a selected list of resources and services available for your use. To access the online resources listed you will need an *OpenAthens account. If you don't have it register for your account at: <https://openathens.nice.org.uk>

BOOKS

The Library holds emergency medicine books including:

- ☐ Educational/text books;
- ☐ Exam books; and
- ☐ Specialty specific books.

To find the book you are looking for, check the Library's catalogue at:

<https://wmuh.soutron.net/Library/Catalogues/>

All emergency medicine books are classified under the heading **WO**. If the Library does not stock the book you require, please let us know as we may be able to obtain it for you from another library.

The collection is regularly updated, so if you have any suggestions of titles to be added to the collection please email the library.

JOURNALS

The Library provides access to over 3000 print and e-journals, some of the titles relevant to emergency medicine include:

- Annals of Emergency Medicine
- Clinical Pediatric Emergency Medicine
- Journal of Emergency Nursing

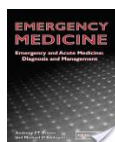

To view a full list of the journals that are available to library users visit MyJournals (<https://journals.nice.org.uk/>) and log in using your OpenAthens account.

INTER LIBRARY LOANS

If the Library does not have access to the article or journal you require please let us know as we are able to request copies of articles for you from another library.

eBOOKS (login with OpenAthens)

The Library has a variety of e-books that are available for use at any time, and can be accessed via OpenAthens at: <http://www.library.wmuh.nhs.uk/wp/library/ebooks/>

Check the library website for [more eBooks](#)

**The Royal Marsden Manual of
Clinical Nursing Procedures**

EVIDENCE SEARCHING

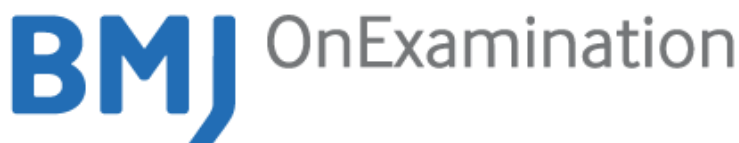

We provide evidence to inform patient care, service improvement, research and clinical teaching. Following are some of the Evidence searches we have carried out for Emergency Medicine

- Emergency resuscitation of hypothermia Rate of rewarming process Role of prehospital rewarming Declaring death in hypothermic states When to transfer to ECMO (or other invasive interventions)
- Emergency tracheostomy care
- Determining staffing levels in the emergency department
- The use of ct kub(kidney ureter,bladder) in the emergency department for patient having undifferentiated abdominal pain with normal blood test and normal examination will give diagnosis other than urinary tract pathology and reduce the admission length.

You can [request searches](#) for patient care, audit, research, commissioning services and clinical decision making.

EXAM PREPARATION

We provide access to various online exam resources, including OnExamination, Medical Master class. Please contact us for more details.

INFORMATION SKILLS TEACHING
